Greetings:

At some point in our lives, either personally or professionally, we are all affected by loss. The death of a family member, a friend or a co-worker, the loss of a job, a relationship, or possibly the loss of a home are all events that trigger grief. Many of us just try to forget about it and go about our daily lives. Others of us seek the counsel of friends, family, or other healthcare professionals. Imagine, however, if you had no one with whom to share the pain of this loss.

Our Story started with Sister Rita Coco, who was highly aware of the pain of dealing with grief and loss. In 1991, Sister founded a non-profit organization called Grief Recovery Center. The Center’s focus was to raise awareness of grief in the Baton Rouge community. The goal is to provide affordable counseling so individuals suffering from grief could heal and resume productive lives. Every year, we hold a fundraiser to raise funds for those children and adults who cannot afford the counseling they need to cope with these tremendous losses.

Our Fundraising Event is Culinary Arts for Healing Hearts. Our event is held at Live Oak at Cedar Lodge. Now you have an opportunity to touch people’s lives in a positive way through your participation in this event. Come enjoy savory dishes prepared by local restaurants and chefs. The festivities of the evening will include a silent auction, raffle prizes, wine pull and much more. Musician Chris LeBlanc will provide special music for the occasion.

By participating as a sponsor, a donor to the silent auction or by providing an in-kind donation, you are helping heal hearts and lives by providing resources that are needed to keep Grief Recovery Center viable. We depend heavily on this event to provide the funding necessary to educate the community on grief and provide support groups for children and their parents. We invite you to join us on Thursday, April 27, 2023 from 6:30 to 9:30 p.m. We deeply appreciate your consideration and effort.

Sincerely,

Libby Foret, Board member & Chairperson
